FAIR TRIAL FOR MADERO DEMANDED

United States Sends Diplomatic Information to Huerta That Serious Objection Would Be Made to Summary Execution or Sentence of Former President

ATTITUDE COUCHED IN PLAIN TERMS

Provisional President Promptly Reports to Ambassador Wilson—Madero Entitled to Open Legal Hearing, and Execution of Brother Looked Upon With Great Disfavor by United States

Washington, Feb. 21.—Francisco I. Madero, deposed president of Mexico, will not be railroaded to jail, thrown into a detention house or summarily executed by Provisional President Huerta, according to reports today by Ambassador Wilson. According to Mr. Wilson's report the president will be given a fair trial and probably the worst fate that will await him will be exile.

Secretary Knox, with the approval of President Taft, had instructed Ambassador Wilson to convey to Huerta in diplomatic terms and information that the United States would seriously object to a summary execution or sentence of Madero.

Fair, Open Trial Demanded. It was not felt here that the former president should be slaughtered or put out of the way for crimes, which seemed purely political, without a fair and open trial. This view was made plain to Huerta and the fact was not concealed that the United States looked with disfavor upon the shooting of Gustavo Madero, the president's brother.

The administration's attitude toward the provisional government of Mexico was discussed at today's cabinet meeting. President Taft and Mr. Knox have never believed, it is said, that Madero was a strong president for a republic sown with revolution. They have believed, however, that he has displayed many humane traits and that he is entitled to a hearing. They have no particular interest other than of humanity in that which is done with him if it is done in legal fashion.

Mexico City, Feb. 21.—Concern over the actual coming of peace to the republic today supplanted speculation on the fate of Francisco Madero, deposed president of Mexico. Dispatches from Chihuahua indicated General Pascual Orozco would accompany David de la Fuente, chosen from the rebel list as a cabinet minister, to the capital and personally express his allegiance to the new government.

No word of agreement has come from General Gervasio from Zapata, and disquieting reports that the governors of four states—Aguila Caliente, Nuevo Leon, Coahuila and Sonora—have openly refused allegiance, have made the situation more complex.

Federal forces, it is understood, will be dispatched to these states to check any rebellion movements.

Huerta Personally Assures Mrs. Madero.

Madero, with Suarez and Garza, remained under guard all night. Senora Madero, who has been her husband's closest adviser, broke down today under the strain. She has for several days been tireless in pleading that her husband be saved from death and General Huerta has personally assured her Madero will not be killed.

Charges which are not altogether substantiated were made today by the new authorities, tending to indicate that the Madero administration in its extremity was contemplating a wholesale slaughter. More than one alleged list of names of those proscribed has been found.

Madero's Death List.

A police officer declares Francisco Madero personally and verbally gave him a list of 43 deputies, a number of senators and all the newspaper men, including the foreign correspondents, with instructions to have them assassinated. The police officer said that since this order was not in writing he did not feel obliged to carry it out. Such stories as this have created a bitter sentiment against Francisco Madero and have caused a number of persons whose names were on the list to use their influence to secure summary punishment for the fallen president. Solicitude for the personal safety of Madero was given by Provisional President Huerta to diplomats today as the reason why the ex-president cannot be removed from the capital.

for the present. President Huerta recalled to his visitors the historic attack upon the train which bore ex-President Diaz to Vera Cruz on his exile to Europe, when Huerta himself was in command of the escort.

The president added that the investigation of the records of the Madero administration was being continued with great care.

AGED BISHOP PASSES AWAY

Bishop Hogan, Oldest Kansas Prelate, Succumbs to Pneumonia

Kansas City, Feb. 21.—Bishop John Joseph Hogan, of the diocese of western Missouri, the oldest Catholic prelate in this country, both in years and point of service, died of pneumonia at the Episcopal residence here today. For forty-four years he had been a bishop.

Kansas City, Feb. 21.—Bishop John Joseph Hogan, of the Catholic diocese of Kansas City, the oldest Kansas prelate, both in years and point of service, is critically ill at the ecclesiastical residence here of pneumonia. Physicians in attendance here today held out but little encouragement for his recovery. This bishop is 83 years old. He was ordained a priest in 1852.

Bishop Hogan, in 1855 was established at St. Michael's church, St. Louis, and also was an early day missionary in northwest Missouri.

Bishop Hogan acquired a cold ten days ago which immediately developed into pneumonia. He said at that time:

"I will never get over this. My body has grown old in my work and will not outlast this illness."

Bishop Hogan was born in county Limerick, Ireland, in 1829. At the age of 18 he came to the United States and entered a theological seminary in St. Louis, where he was ordained a priest five years later.

In 1857 the church called for an active missionary to open up the wilds of northwest Missouri. Mounted upon his sturdy pony, John the Baptist, Father Hogan plunged into the railroadless wastes of that section of the state teaching his religion.

The death of Bishop Hogan leaves Cardinal Gibbons the only survivor in the American hierarchy of the convocation held in the Vatican in Rome in 1869.

CONTRACT IS OPPOSED

Western Pacific Against Proposed Lease of Benicia Line by S. P.

San Francisco, Feb. 21.—Three reasons why the Southern Pacific company should not be allowed to enter into a contract with the Central Pacific for joint use of the Benicia Short Line between San Francisco and Sacramento will be urged by the Western Pacific when the application comes before the state railroad commission again tomorrow for a further hearing.

Under the Sherman anti-trust law, it will be argued, the proposed lease is a contract in restraint of trade.

Against Policy. As against public policy, it will be contended that no two lines should be allowed to enter into a compact for the benefit of a third. This contention arises from the statement made by Robert S. Lovett, chairman of the executive board of the Union Pacific, that the proposed purchase of the Central Pacific by the Union Pacific is contingent upon the traffic agreement between the Central and the Southern Pacific.

Lastly, the proposed lease is to run for 99 years, whereas the state law reads, it will be urged, that no such lease may run in California for more than 77 years.

Mr. Lovett having already testified for the Union Pacific, William Sproule, president of the Southern Pacific company, will follow him on the stand tomorrow.

TRAGEDY IN A FAMILY

Husband Shoots Wife, and After Struggle Is Killed by Son

Oakland, Cal., Feb. 21.—After shooting his wife dead, Henry Goldberg, a painter, was shot and killed today by his 21-year-old son, Edward. Father and son fought desperately for the possession of the revolver with which Goldberg had killed his wife. The son finally secured it and shot his father through the head, killing him instantly.

Mrs. Goldberg had brought suit for divorce. Goldberg returned home today, walked into the room where his wife was sitting, and without a word, shot her dead. The son, who was in an adjoining room, rushed at his father and the second tragedy occurred.

ATTORNEYS IN WRANGLE

Bitter Dispute in Hyde Trial Over Examination of Swope Viscera

Kansas City, Feb. 21.—The bitterest wrangle of the third trial of Dr. B. Clarke Hyde for the murder of Col. Thomas H. Swope took place today when attorneys for the defense complained that they had been denied the right to examine the Swope viscera through their own experts. John L. Walsh, defense counsel made the assertion that the viscera had been "tampered with." A proposition made by Prosecutor Jacobs that the viscera be submitted for examination to a commission of experts appointed by the court was rejected by the defense after the court had offered to appoint such a commission.

The wrangle between attorneys started when the prosecution showed anger at the repeated inquiries by Attorney Walsh as to "what became of the Swope liver."

"This is a play to the jury," shouted Prosecutor Jacobs. "The defense well knows that the liver was reduced in examination to make the slides used by the toxicologist."

When the defense attorneys had made further complaint at being denied the viscera, Prosecutor Jacobs sprang to his feet and made the offer to submit to a commission what was left of the viscera. Attorney Walsh made the counter charge that the prosecution was "playing to the jury" and rejected the proposal.

WOMAN SUFFRAGE PASSES IN IOWA

Des Moines, Feb. 21.—The woman suffrage amendment passed by the house yesterday was reported to the senate today and placed on the calendar instead of being referred to the committee. The vote was 26 to 15. This action pointing to victory for the amendment in the senate was the occasion of much rejoicing among friends of suffrage who had been downcast over the adverse report of the senate committee following the passage of the amendment in the house.

The house resolution will be reached on the calendar tomorrow.

BLANCHARD BACK IN HIS OLD SEAT

Santa Fe, N. M., Feb. 21.—W. E. Blanchard, member of the New Mexico house of representatives arrested by the sergeant-at-arms on order of Speaker Baca, resumed his seat this morning after Judge E. C. Abbott had issued a writ of habeas corpus. Blanchard was arrested because he insisted on addressing the speaker after he had been ordered to take his seat.

SIMPLIFIED.

"Is Doolan a society man?" asked Hogan.

"I think he belongs to the N. K.," replied Hogan.

"And what is the N. K.?" asked Hogan.

"The Knights of Columbus," replied Hogan.—Cincinnati Enquirer.

GIRL IS LOST AT HOSPITAL

Child Left With Attendants Missing; Identity of Another Unknown

Philadelphia, Feb. 21.—The authorities at the municipal hospital for contagious diseases are trying to learn the identity of the three-year-old girl they supposed was Beatrice Kaufman, and at the same time deal with the case of another child, who was admitted to the institution six weeks ago suffering from scarlet fever. Beatrice's father, Isadore Kaufman, a coat manufacturer, who was notified yesterday to come and take her home. He was surprised and shocked when a child whom he did not recognize was turned over to him.

"That is not my Beatrice," he exclaimed.

"Oh, yes, it is. She has changed in appearance because of her illness," declared the hospital attendants.

Kaufman, unconvinced, took the child to his home so that his wife might decide. Mrs. Kaufman also declared that the child was not her Beatrice, and the little girl, failing to note any familiar surroundings, burst into loud sobs for "Mamma."

She was taken back to the hospital last night, but the real Beatrice could not be located.

San Francisco, Feb. 21.—Two years to a day before the official date of opening of the Panama-Pacific International exposition, Charles C. Moore, its president, issued a statement today to show that preparations already are further along than was planned, that twenty-eight foreign nations have accepted the invitation of the United States to participate and that the exposition will be ready before the day set.

Already the service building stands complete at the north center of the site, and work on the "machinery building," the largest single structure, has been begun. A tremendous amount of underground work, including the laying of sewers and drainage conduits, has been completed, and that the exposition may appear truly finished, thousands of rosebushes and vines are being grown under glass in the expository greenhouses, to be transplanted to the various building sites as the buildings are completed.

A tremendous advance to exhibitors, Mr. Moore points out, lies in the exposition site at the bay edge, which will make possible the unloading of exhibits direct from ships into the exposition grounds.

INDIANS GET INVITATIONS

Many Tribes to Be Represented at the Inaugural Ceremonies

Washington, Feb. 21.—A special invitation to attend the inauguration ceremonies March 4 was sent today by the inaugural committee to the 25 Indians now in New York attending the laying of a cornerstone for an Indian monument in New York harbor. If the Redmen accept they will be provided with mounts and given a special place in the procession. They include representatives of the Sioux, Crow, Chippewa, Cheyenne, Flatheads, Grosventres, Aricaerans and Mandans.

Plans for the civic section of the procession were formally approved at a meeting at night and the order in which the civic organizations will march was drawn up and forwarded today to Major Leonard Wood, U. S. A., as grand marshal of the parade. General Wood declined to make public the program until he could consult with his aide, General James E. Stewart of Chicago, who will be marshal of that division.

Formal announcement also was made that the marine corps will not be represented in the line because of the sudden summons for possible duty in the Mexican troubles. It had been intended to have 10,000 of the sea soldiers in the procession.

GEOGRAPHIES ARE WRONG ON CLIMATE

Berkeley, Cal., Feb. 21.—All the geographies are wrong and it is not the friendly warmth of the Japan current that brings color to the orange and blush to the peach in California.

Dr. George F. McEwen, physicist at the Scripps Institution for Biological Research of the University of California has announced the results of months of investigation in a paper on the climatology of California, made public today. He found that water along the coast was several degrees colder than in midocean and that if it were not for this fact the heat in the valleys of California would be oppressive.

MIDDLE WEST CUT OFF.

Kansas City, Feb. 21.—The middle west was cut off for several hours today from communication with the rest of the country. A series of snow, sleet and rain storms prevailed, trains were delayed and telegraph and telephone wires demoralized.

In Kansas, Nebraska and South Dakota, a snow of from one to three inches was general. Iowa, Missouri, Arkansas, Oklahoma and north Texas experienced cold rains which at many points turned to sleet, while Illinois reported a blending of sleet and snow.

Spring hats are mostly small, with turned up brims.

MEASURE TO DIVIDE COUNTY APPROVED

Salt Lake, Feb. 21.—The house yesterday gave enthusiastic support to the people of Wasatch county in their effort to make two counties out of the present county. The house passed, without amendment, Van Wagoner's bill providing a method of creating

new counties out of existing counties. If the senate takes the same view of the matter, and the governor attaches his signature to the bill, the present extensive county of Wasatch will, within a year, embrace two prosperous counties.

The eastern portion, or the part which it is proposed to put into the new county, is rapidly becoming a prosperous section and is growing in population at a remarkable rate. Van Wagoner, speaking in support of his measure, said that 95 per cent of the people of both the so-called "old" and "new" sections were in favor of cutting the county in twain.

The new county will have a population of about 6,000, leaving about 4,000 in the old county. There will be thirteen of the twenty-two school districts in the new county and the other nine will remain in the old.

INVITATIONS ACCEPTED

Twenty-eight Foreign Nations to Join in 1915 Exposition

San Francisco, Feb. 21.—Two years to a day before the official date of opening of the Panama-Pacific International exposition, Charles C. Moore, its president, issued a statement today to show that preparations already are further along than was planned, that twenty-eight foreign nations have accepted the invitation of the United States to participate and that the exposition will be ready before the day set.

Already the service building stands complete at the north center of the site, and work on the "machinery building," the largest single structure, has been begun. A tremendous amount of underground work, including the laying of sewers and drainage conduits, has been completed, and that the exposition may appear truly finished, thousands of rosebushes and vines are being grown under glass in the expository greenhouses, to be transplanted to the various building sites as the buildings are completed.

A tremendous advance to exhibitors, Mr. Moore points out, lies in the exposition site at the bay edge, which will make possible the unloading of exhibits direct from ships into the exposition grounds.

ALL KANSAS UNDER SNOW

General Storm Prevails; Two to Seven Inches Covers the State

Topeka, Kan., Feb. 21.—Up to noon all Kansas was covered with from two to seven inches of snow, and the snow was still falling. Not since a year ago has there been as heavy or as general a snow as the present one.

It started shortly after noon yesterday and continued until this morning. Then the storm broke again with every indication of continuing throughout the day.

According to the railroad reports there is five to seven inches of snow throughout eastern Kansas. Four and five inches through central Kansas and two to six inches through the western part of the state. In southern Kansas the snow is lighter and mixed with rain. The snow is very wet and heavy and there is no wind to drift it. The railroads are having some trouble with their trains because of inability of the trainmen to see ahead, but the storm is not blocking any of the roads.

The railroad officials here are interested unusually in the weather reports, as the snow means hundreds of thousands of dollars to them. Through northern and central Kansas the winter has been unusually dry, and reports of actual damage to the wheat have been coming in for several days. The snow came at just the right time, according to the railroad officials.

TRAFFIC IS PARALYZED

Rain and Sleet Coat Chicago With Ice—Hundreds of Wires Down

Chicago, Feb. 21.—Rain and sleet partially paralyzed street car and elevated line traffic in Chicago for a time today, but the icy coating of the streets later melted into a disagreeable slush. Hundreds of telegraph and telephone wires were reported "down," not only in this city, but in the surrounding country.

Railroad trains had hard going over glassy rails and mails in consequence were delayed for hours.

MEN MARCH TO CAPITOL

Colorado Delegation Makes Plea for Conservative Business

Denver, Feb. 21.—A delegation of business men from Denver, Colorado Springs, Pueblo, Fort Collins and Boulder planned to march to the capitol this afternoon to lay before the nineteenth general assembly a plea for conservatism in legislation.

According to the program outlined, the house and senate will meet in joint session to receive the delegation and hear the plea. In brief, the request will be made that no legislation "that will tend to discourage industry or prevent the investment of capital" be permitted to pass the present legislature.

OLDER SEVERELY CROSS-EXAMINED

Los Angeles, Feb. 21.—The prosecution in the trial of Clarence S. Darrow, charged with jury bribery, continued today its attempt to have excluded the testimony of Fremont Older, a San Francisco newspaper man, on the ground he was not a competent "understanding" by which the McNamara brothers entered their pleas of guilty in the dynamite trial in November, 1911.

Older was subjected to a severe cross-examination by W. J. Ford, assistant district attorney, who read voluminously from Older's testimony at Darrow's previous trial.

It was understood that John D. Fredericks, district attorney, would be placed on the witness stand soon.

SENATE APPROVES PERKINS' BILL

Washington, Feb. 21.—Senator Perkins' bill providing for the participation of the United States in the San Francisco exposition in 1915 was introduced today by the senate committee. The bill carries an appropriation of \$1,500,000.

FARMERS' UNION IN CONVENTION

Manhattan, Kan., Feb. 21.—The ownership of elevators and cold storage plants of sufficient capacity to hold the surplus crops of the primary producers and under the management

and control of the producers themselves is one of the essential projects toward which the Farmers' union, whose state meeting is now under way here, is discussing.

The purpose is to store the surplus crops and prevent a congested market when the yield is large and by carrying the surplus over to the lean years secure to the producer the direct benefit of the enhanced value. Seven hundred delegates are attending the meeting.

JUDGE GOFF IS ELECTED SENATOR

Charleston, W. Va., Feb. 21.—Federal Judge Nathan B. Goff was elected United States senator from West Virginia by the legislature in joint session today.

MILLIONS IN CHESTS

Chinese Currency Printed in America Is Shipped on Liner

San Francisco, Feb. 21.—Sixty millions of potential wealth stowed in 140 wooden chests sailed for Hong Kong today on the liner Nippon Maru. The consignment is listed as paper and travels at the modest rate of \$7 a ton. It will not become currency until the notes have been signed in China. They were printed in New York. The shipment was said to be first set of banknotes printed for China since the overthrow of the Manchurian dynasty and the establishment of that republic.

BIG BRIBE IS OFFERED

Supt. Russell Tendered \$20,000 to Release Thaw From Asylum

Albany, N. Y., Feb. 21.—Testifying before Governor Sulzer's committee of inquiry today, Dr. John W. Russell, superintendent of Matteawan hospital, said he was offered \$20,000 by a lawyer a few weeks ago if he would agree to release Harry K. Thaw. Dr. Russell said he refused.

He could not recall the lawyer's name, but said the offer was made in a New York hotel.

PRIMARY LAW HAS FELONY CLAUSE

St. Louis, Feb. 21.—The St. Louis municipal primary law was sent to Governor Major for his signature today, after having been corrected for a clerical error. The bill as originally signed by the legislature, the clause making violation of the act a felony having been substituted by a misdemeanor clause. The error was made by copying clerks.

The bill that went to the governor today contains the felony clause.

IDAHO VOTES ON NEW LAW

Boise, Idaho, Feb. 21.—The Koelsch bill, which if made into a law would require the issuance of a certificate testifying to physical and mental fitness before a marriage license could be obtained, passed the Idaho house of representatives today by a vote of 29 to 24. The bill now goes to the senate.

A resolution providing for the submission to the voters of a statewide prohibition amendment to the constitution at the next election was introduced in the house by twenty-two members. A prohibition bill already is pending in the house.

MARRIAGE BILL REQUIRING MENTAL AND PHYSICAL FITNESS PASSES HOUSE

Boise, Idaho, Feb. 21.—The Koelsch bill, which if made into a law would require the issuance of a certificate testifying to physical and mental fitness before a marriage license could be obtained, passed the Idaho house of representatives today by a vote of 29 to 24. The bill now goes to the senate.

A resolution providing for the submission to the voters of a statewide prohibition amendment to the constitution at the next election was introduced in the house by twenty-two members. A prohibition bill already is pending in the house.

STORM RAGES IN IOWA.

Des Moines, Ia., Feb. 21.—A snow storm is raging throughout the state of Iowa today. Reports from all sections of the state indicate that the storm has been general since early this morning, and that it shows signs of continuing for several hours. Telegraph and telephone wires are demoralized, and in Des Moines and the larger cities street car traffic is seriously impeded.

Railroad trains were late on nearly all lines entering Des Moines today.

A WILD THROW.

Judge M. W. Pinckney at a recent banquet recalled an incident to show that there is some humor associated with such a serious thing as the law. In Dawson City a colored man, Sam Jones by name, was on trial for felony. The judge asked Sam if he desired the appointment of a lawyer to defend him.

"No, sah," said Sam. "I's gwine to throw myself on the ignorance of the cote."—Everybody's Magazine.

Make Out Your Shopping List Tonight

Read the advertisements in the STANDARD carefully tonight. See what the manufacturers and merchants are offering you. Make a list of the things you need. Many of these items are advertised at special prices. All are quality goods. The makers' and sellers' names are your guarantees. You will save time and strength by selecting everything you buy from the advertising columns of the STANDARD. You will find

more pleasure in shopping when you know where to find the best qualities at the lowest prices. The advertisers in the STANDARD are the most reliable merchants of this city. When their names are on your shopping list you will be certain of securing the most satisfactory merchandise at the most reasonable prices. Read their advertisements in the STANDARD closely and constantly every day.
